Ionic

Discover the Ws.D Ionic Modular Storage, an adaptable and stylish solution for any space. Available in a choice of grid finishes - black, white, brass, and copper - this system is fully modular, allowing you to create bespoke designs with our 3D configurator. Build your storage using grid blocks in cubes or double cubes, perfect for crafting bookshelves, storage units, media units for meeting rooms, and innovative furniture for zoning spaces.

Transform your space with the **Ws.D Ionic Modular Storage**, an innovative system that combines sleek design with adaptability. Featuring **more than 40 unique elements** that can be combined in endless ways, this modular system offers unmatched flexibility. Available in **four finishes** – black, white, brass, and copper – you can create your ideal configuration using our 3D configurator.

Whether designing bookshelves, media units, or smart storage solutions, the cube and double-cube grid blocks provide **endless options**. Perfect for open-plan offices, the Ionic system divides workspaces or tailors setups for home offices, libraries, and conference rooms.

Personalise with a range of MFC wood finishes, **from classic tones to vibrant colours**. Complete your design with accessories like shelves, plants, and integrated storage for added style and practicality.

Commercial Spaces

The Ws.D Ionic Modular Storage system combines versatility and style, making it ideal for offices, retail environments, and public spaces. With 16 adaptable elements and four premium finishes, you can create customised storage solutions that meet the demands of any commercial setting.

From dividing open-plan offices to creating retail displays or functional meeting room storage, Ionic's cube and double-cube grid blocks offer endless configurations. Its sleek design ensures it enhances any interior, while durable materials stand up to high-traffic environments.

COMMERCIAL SPACES

Residential Spaces

The Ws.D Ionic Modular Storage system offers the flexibility and style needed for home interiors, making it ideal for living rooms, home offices, and bedrooms. With more than 40 adaptable elements and four premium finishes, you can design customised storage solutions that fit perfectly into any room in your home.

From creating stylish bookshelves to functional media units or tailored home office storage, Ionic's cube and double-cube grid blocks provide endless possibilities. Its sleek design seamlessly blends with any interior style, while its durable materials ensure long-lasting use.

CONFIGURATOR

Click and Customise

Design your perfect Ws.D Ionic Modular Storage solution from anywhere in the world using our intuitive 3D Configurator. With 38 versatile elements and numerous refined finishes to choose from, you can create a fully customised setup tailored to your space and style. Whether you're designing for an office, home, or commercial space, our configurator lets you experiment and visualise your ideal storage in real-time.

Using a device with a camera, our AR feature allows you to see your design directly in your space before making a decision. No space to test it out? No worries! We offer easy downloads of 3D objects compatible with all major 3D design software, ensuring a seamless design process.
