Oasis: The Smart Way to Green Your Workspace

Bring life to your office with **Oasis**, the mobile planting system designed for **flexibility, style, and well-being**. Whether you're looking to create **vibrant green zones**, enhance **air quality**, or simply add a **sophisticated natural touch**, Oasis is the perfect solution.

With its **sleek, modern design** and **four adaptable configurations**, Oasis blends seamlessly into any workspace. **Set on castors for easy mobility**, it allows you to **redefine your office layout effortlessly**—from collaborative spaces to quiet green sanctuaries.

Made with **high-quality materials** and available in a **range of stylish colours**, Oasis is more than just a planter— it is a statement of innovation, sustainability, and enhanced productivity.

Transform your workspace with Oasis. Because a greener office is a better office.

Why Ws.D Oasis

Effortless Mobility

Set on castors, Oasis moves **wherever you need it**, creating adaptable green zones in seconds.

Smart Design

A sleek, minimalist look with **four versatile configurations** to suit any office setup.

Customisable Style

Choose from **10 metal finishes** and an elegantly designed **oak MFC slat** option.

Biophilic Benefits

Boost **well-being, creativity, and focus** with integrated greenery in your workspace.

Multipurpose Functionality

Use it in **offices, canteens, or breakout spaces**—whether for statement plants or a mini herb garden.

Your Space - with Oasis

A workspace should be more than just functional—it should inspire, refresh, and adapt to your needs. **Oasis** is designed to bring **seamless greenery** into offices, canteens, and collaborative spaces. With its **mobile, versatile design**, it enhances both **productivity and well-being**, creating a more dynamic and inviting environment.

Create Natural Green Zones

Use Oasis to structure open-plan offices naturally. Whether you're looking to enhance spatial organisation or introduce **subtle division** between work zones, Oasis helps introduce **organic flow and visual interest** without blocking light or communication.

Enhance Employee Well-being

Bringing **biophilic elements** into the office is proven to **boost mood, creativity, and focus**. Oasis allows you to **seamlessly integrate greenery**, creating a more relaxed and stimulating work environment.

Tailor Your Plant Setup

Oasis is designed with a **fixed top level** and an **adjustable bottom shelf**, making it suitable for **various plant sizes**. From **tall statement plants** to **lush, cascading greenery**, you can create a **customised office garden** that fits your space and style.

Effortless Mobility & Adaptability

Need to change up your layout? With **smooth-rolling castors**, Oasis can be moved **wherever it's needed**, adapting to **team meetings, individual workstations, or lounge areas** in seconds.

Low-Maintenance, High Impact

Designed for ease, Oasis comes with **built-in plant liners** to ensure a **waterproof barrier**, keeping maintenance simple and hassle-free. Just water your plants and enjoy a **fresh, green workspace** with minimal effort.

Designed for Every Space, Built for Every Need

Ws.D Oasis Single Mobile Planter

1 Level and 2 Level

- **Compact & space-saving**, ideal for desks or smaller office areas

SUSTAINABILITY IN MOTION

At Workscale.Design, sustainability isn't just a feature—it's a commitment. **Oasis** is designed with eco-conscious materials and responsible manufacturing processes that help minimise waste and emissions while delivering long-term durability and adaptability.

Thoughtfully Sourced Materials

Sustainable Metal Construction – Oasis is built using **recyclable metal components**, with a selection of **10 versatile finishes** to ensure both **style and sustainability**.

FSC®-Certified MFC Panels – The **oak-finished slats** are sourced from **responsibly managed forests**, ensuring ethical sourcing and biodiversity protection.

Designed for Circularity – At the end of its life cycle, **all metal and MFC components are fully recyclable**, reducing waste and supporting a greener future.

Low-Impact Manufacturing

Precision Engineering – Oasis is manufactured using **lean production techniques** that minimise material waste and lower energy consumption.

Eco-Friendly Finishing – A **closed-loop powder-coating system** ensures **low emissions and reduced environmental footprint** while maintaining a **durable, high-quality finish**.

Built to Last, Designed to Adapt

Crafted with **high-quality, durable materials**, Oasis withstands the demands of dynamic workspaces, reducing the need for replacements. Its **mobile, modular design** evolves with your office, preventing waste and supporting long-term sustainability.

CONFIGURATOR

Click and Customise

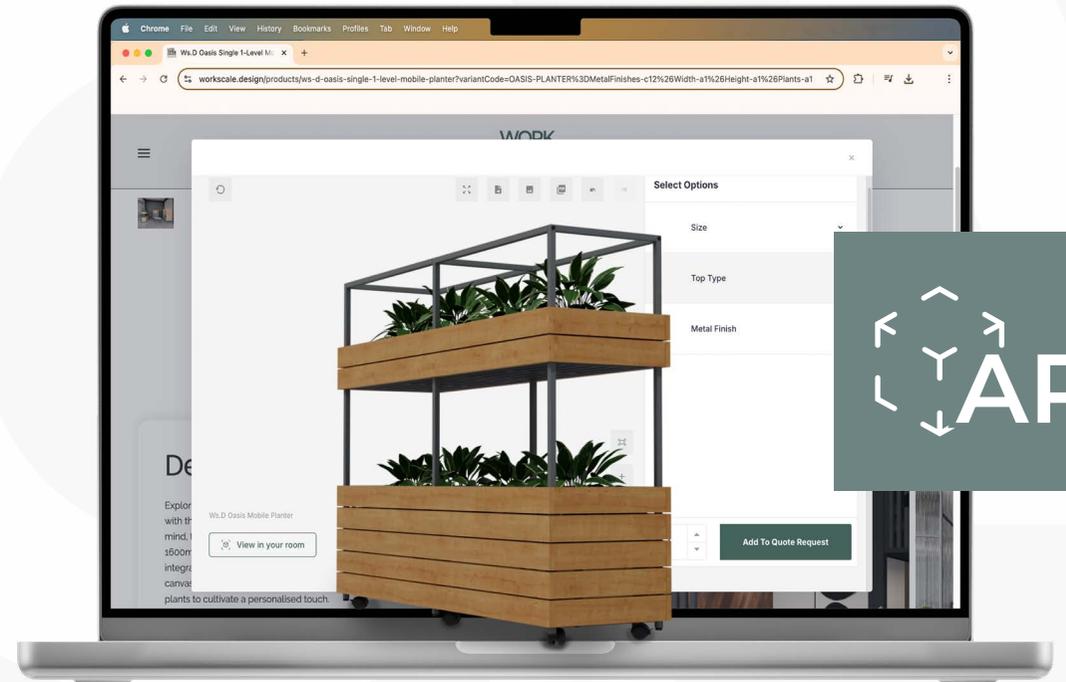

Customise **Oasis** to fit your workspace with four **versatile configurations, 10 metal finishes**, and FSC®-certified oak slats—creating a functional and stylish planting solution tailored to your needs.

Tailor Your Selection

- **Pick Your Configuration** – Choose from **Single or Double planters in 1-level or 2-level options** to match your space.
- **Match Your Style** – Select from **10 sleek metal finishes** and a **timeless oak MFC slat design** for a look that complements your office.

Real-Time Visualisation

- **3D Preview** – Instantly see your Oasis design before ordering.
- **Effortless Integration** – Access **3D files** for streamlined workspace planning.
